

**7.3 Certified College Professional Program
AFC Board Report
June 28, 2017**

Committee Initiatives

1. Continue to research an LMS system that will integrate with the AFC Association Management System (AMS) allowing members to share information from the LMS to the database with a single sign-in. The following LMS platforms will be reviewed by AFC staff:
 - a. Elevate by CommPartners (<http://www.commpartners.com/>)
 - b. Knowledge Direct by Digitec Interactive (<http://www.digitecinteractive.com/learning-management-system-lms/>)
 - c. Crowd Wisdom by Yourmembership.com (<http://www.yourmembership.com/products/learning-management-system/>)
 - d. Canvas by Instructure (<https://www.canvaslms.com/>).
2. Develop a timeline of CCP process (application to graduation). The timeline will give CCP participants a more precise understanding of the time and effort commitment of the program. Stephanie and Charlene will update the draft and bring back to committee.
3. Accreditation Standards - Committee member Alice Serey will take the lead on the reviewing the standards to see where the CCP program meets or exceeds each standard and where we need work.
4. CCP Workshop on Advocacy and the Legislative Process will be held in conjunction with the Communication and Marketing Commission Spring Conference. Current CCP participants as well as interested AFC members can attend.

CCP Membership Updates

New Members: Sharon Walker, TCC and Jennifer Lewallen.

Other Updates

Many thanks to Marsha for picking up the CCP mantle when Adrienne left the Association. We're also excited to welcome Allyson Williams to AFC and CCP.

Respectfully submitted by Charlene Latimer
