

Dear Sandra,

I just wanted to share the results of a massive service project my chapter just helped to coordinate. We responded to Florida Keys Community College's request for much-needed supplies in the wake of Hurricane Irma. All of our Broward College campuses pulled together to collect and then deliver to our sister college down south.

Here's the tally of what went to FKCC on our truck, and attached are a couple of photos! -

- 60 bicycles
- 47 laptops
- 5 box fans
- 19 sets of sheets
- 21 bike locks
- 35 cartons of Student Care Packages (thumb drives, notebooks, pens, highlighters, calculators, backpacks)
- 18 cartons of Pet Care Packages (treats, toys, can and smaller bags of food)
- 2 dog beds
- 12 large bags of dog and cat food
- 10 cartons of misc. food, drinks, personal products, etc.

Proud of our AFC network for stepping up and helping each other in time of need. 😊

Deborah
