

Association of Florida Colleges (AFC)

Region III Report

Central Florida Chapters
February 1, 2019-April 30, 2019

Region Director Kim Sellers
 College of Central Florida

Director Elect Charlene Latimer
 Daytona State College

Region Activities:

Region III held its annual conference on April 12, 2019 at the College of Central Florida. Approximately 47 conference attendees made connections through networking and through a wide variety of professional development opportunities. During the business meeting which was held after lunch, the membership voted to elect Charlene Latimer from Daytona State College as Region III Director-Elect. As always, Region III was extremely generous for our service project. This year the region chose to collect items for Kimberly's Center for Child Protection. This not for profit entity is located in Ocala and provides much needed services to children who have, sadly, experienced abuse.

Making Connections

DE To CF Bridging the Gap
