

RETIREES COMMITTEE (Agenda item 8.1)

September 20, 2019 Board of Directors Report

TO: AFC Board of Directors

The Retirees Committee is continuing its goal to reach out to our Retirees in an effort to gain support and involvement. There has been Communication via Personal contacts as well as emails and U.S. Mail for the last couple of months, inviting them to join this Committee.

The Committee has had numerous conference call meetings planning and strategizing to enhance the Committee's offerings during the Annual AFC Conference in November.

A request for a guest Speaker for our Luncheon on November 6th was submitted to AARP Speakers Bureau. Additionally, November 7th for our Educational Session, we have a workshop scheduled on "The Transition into Medicare". Presenter, Douglas Valery, Valery Insurance Agency, Educator and Agent.

There will be a fund raiser held during Annual Convention in an effort to support attendance of Retirees desiring to become actively involved with the Committee.

Plans are to have resourceful information available for current and upcoming Retirees. We want to emphasize "RETIREMENT IS NOT THE END OF THE ROAD"

Respectfully Submitted,

Pat Harrell, Chair

AFC – Retirees Committee
