

**AFC HEALTHCARE EDUCATION COMMISSION
2022 EXEMPLARY PRACTICE AWARD**

CALL FOR PROGRAMS

The AFC Healthcare Education Commission is pleased to sponsor the Exemplary Practice Award. The commission recognizes outstanding programs and professionals in the field of healthcare education and invites each college to showcase its best programs.

We are asking you to take a few minutes to think about the programs currently in place at your college that affect Healthcare students. Any program that impacts these students is eligible.

If selected, a spokesperson or persons will present the program to the judges at the AFC 73rd Annual Meeting and Conference on November 17 or 18, 2022 at the Sheraton Panama City in Panama City Beach, Florida. Presenters will be given 5 minutes to set up, 20 minutes to present, and 5 minutes for a question/answer session. All expenses and fees, including registration, will be the responsibility of the presenter. The winning presenter will be awarded immediately following the presentations.

Presentations are judged on the following criteria:

- 1. Innovation** – Is the program a new approach to an existing problem or something new? What need does this program meet that was not being met? Are the objectives measurable?
- 2. Impact**- Does the program involve healthcare education? Is the program feasible (cost, sustainability, & transferability)? Was additional institutional involvement in the development/maintenance of the program? What were the student outcomes?
- 3. Evaluation**- Have any evaluations occurred? What was the process for evaluation? Has the program been changed, revised, or improved as a result of evaluations?
- 4. Presentation**- How organized and professional was the presentation? Was the presentation style effective? Was the audience engaged in a professional manner? Did presenters stay within the 20-minute time limit?
