

Florida College System Council of Presidents Agenda Item Request Form

1. Agenda Item Name:

FCSRMC Report

2. Date of COP Meeting for Agenda Item Consideration:

February 20, 2020

3. Presenter:

Dr. John Holdnak & John Grosskopf to be listed as presenters:

- Chauncey Fagler, FCSRMC, Executive Director/Chief Risk Officer will be introduced by Dr. Holdnak

4. Description of Agenda Item:

Approval of the:

- 2020-2021 Property/Casualty and Administration Budget
- 2018 Property/Casualty Audit

Review of the FCSRMC Financials, Miscellaneous Items and FCSRMC Operations Committee Membership.

5. Action Requested:

- COP Approval X
- Information Only X
- Discussion Item

6. List Background Information Provided:

FCSRMC will forward an electronic booklet to Sharlee Whiddon, AFC as soon as it is ready the week of COPs. Printed copies will be handed out at the meeting.

Disposition of Item:

Risk Management Council Meeting

Friday, February 20, 2020

*FCSRMC Mission Statement:
FCSRMC delivers comprehensive and innovative enterprise-wide risk
management services and solutions to support the educational
mission of the Florida College System.*

RISK MANAGEMENT COUNCIL MEETING

February 20, 2020 (Thursday)

AGENDA

Action Items:

1. Property/Casualty Program:
 - a. 2020-2021 Property/Casualty and Admin Budgetpg 01
 - b. Property/Casualty Program 2018 Audit:
 1. James Moore 2018 Auditpg 07
 2. Management Letter.....pg 32
 3. Actuary Letter.....pg 36

Information Items:

2. Property/Casualty Program:
 - a. Hurricane Irma Updatepg 39
 - b. Hurricane Michael Updatepg 41
 - c. Risk Management Premium Creditpg 43
3. Employee Benefits Plan:
 - a. 2020-2022 Strategic Plans.....pg 45
4. Financials:
 - a. Property/Casualty Financial Highlights.....pg 62
 - b. Employee Benefit Plans Financial Highlights.....pg 66
 - c. Investment Programpg 70
5. Miscellaneous:
 - a. Three Year Performance Results:
 1. Property/Casualty Program.....pg 103
 2. Employee Benefit Plans.....pg 108
 - b. Operations Committee Members as of January 24, 2020.....pg 111

Action Item 1.a.
Property/Casualty Program

2020-2021 Property/Casualty
and Administration Budget

ACTION

**Council of Presidents - Risk Management Council
February 20, 2020**

Action Item: 1.a.

Property/Casualty Program:

Presentation of the 2020-2021 Property/Casualty and Administration Budget

1.a.

Motion to accept the 2020-2021 Property/Casualty and Administration Budget, as presented by
Chauncey Fagler.

Discussion:

Sharlee Whiddon, AFC to provide voting results.

INDEPENDENT AUDITORS' REPORT

To the Risk Management Council and Operations Committee,
 Florida College System Risk Management Consortium:

Report on the Financial Statements

We have audited the accompanying financial statements of the Florida College System Risk Management Consortium Property and Casualty Plan, which comprise the statement of net position as of February 28, 2019, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Florida College System Risk Management Consortium Property and Casualty Plan as of February 28, 2019, and the changes in its net position and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Other Matter

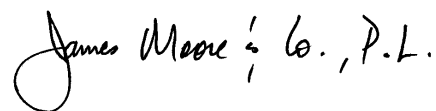

The financial statements of the Florida College System Risk Management Consortium Property and Casualty Plan for the year ended February 28, 2018, were audited by another auditor who expressed an unmodified opinion on those statements on August 6, 2018.

Report on Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 5 and schedule of supplemental revenues, expenses and claim development information on page 21 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 22, 2019 on our consideration of Florida College System Risk Management Consortium Property and Casualty Plan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Florida College System Risk Management Consortium Property and Casualty Plan's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS
FEBRUARY 28, 2019

This discussion provides an assessment by management of the current financial position and results of operations for the Florida College System Risk Management Consortium (P & C Plan) (the "Consortium") Property and Casualty Plan ("PC"). Management encourages readers to consider the information presented here in conjunction with additional information included in the accompanying financial statements and notes to the financial statements.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the Consortium's basic financial statements, which consists of the statements of net position, statements of revenues, expenses, and changes in net position, and the statements of cash flows. This report also contains other supplementary information in addition to the basic financial statements.

The *statements of net position* presents information reflecting the Consortium's assets and liabilities, with the difference between the two reported as the total net position. Increases or decreases in the reported net position may serve as a useful indicator of the Consortium's financial position. The statement of net position does not distinguish between current and noncurrent assets and liabilities.

The *statements of revenues, expenses and changes in net position* present information showing how the Consortium's revenues and expenses affected the total net position during the current year. All revenue is recorded when earned and expenses are recorded as soon as they have been incurred. The major source of revenue is member funding assessments to cover insurance premiums and the major source of expenses are the incurred claims in excess of insurance coverage.

The *statements of cash flows* present information regarding the cash receipts and payments that occurred throughout the year. The statements show the cash effects of operating and investing transactions during a given period.

Financial Highlights

The management of the Consortium offers readers of its PC's financial statements this narrative overview and analysis of the financial activities of the entity for the years ended February 2019, 2018, and 2017:

	2019	2018	2017	2019 vs. 2018 Change
Assets				
Cash and cash equivalents	\$ 46,466,011	\$ 45,745,850	\$ 39,953,084	\$ 720,161

MANAGEMENT'S DISCUSSION AND ANALYSIS
FEBRUARY 28, 2019
(Continued)

Assets

Cash and cash equivalents increased by approximately \$720 thousand or 1.6% during 2019. The increase is primarily the result of funds received in advance of claim expenses; likewise, 2018 showed an approximate increase of \$5.8 million or 14.5% due to the increase in member assessments.

Investments increased approximately \$189 thousand or 2.9% during 2019. The increase is primarily the result of increased interest earnings and unrealized gains on investments. The returns on investments for the year are reinvested by long-term portfolio managers. For the year ended February 28, 2019, other assets decreased from the prior year by approximately \$464 thousand or 4.5% primarily due to decreases in assessments receivable. Likewise, in the prior year, other assets decreased by approximately \$1.8 million or 14.7% due to decreases in assessments receivable.

Liabilities

Total liabilities as of February 28, 2019 increased approximately \$1.1 million from February 28, 2018 primarily due to funds received from carriers for hurricane claims in advance of paid expenses; likewise, total liabilities as of February 28, 2018 increased approximately \$11.8 million from February 28, 2017 primarily due to incurred losses associated with property damage from hurricanes.

Net Position

The PC plan experienced a decrease in total net position of approximately \$710 thousand for the year ended February 28, 2019, due to incurred losses and loss adjustments exceeding assessment and investment income. For 2018, total net position decreased approximately \$7.8 million due to greater than expected incurred claims and an increase in reserve for losses.

	2019	2018	2017	2019 vs. 2018 Change
Assessments earned, net	\$ 13,470,614	\$ 12,089,885	\$ 7,729,121	\$ 1,380,729

FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
MANAGEMENT'S DISCUSSION AND ANALYSIS
FEBRUARY 28, 2019
(Continued)

Operating Revenues

The PC saw and overall increase in net assessment revenue for 2019 of \$1.4 million due primarily to a reduction in assessment premiums. In 2018, the PC saw and overall increase in net assessment revenue of \$4.4 million primarily due to a 19% or greater increase in member assessments.

In 2019, the PC earned approximately \$995 thousand in interest income, experienced \$39 thousand in realized losses, and \$84 thousand in unrealized gains for a net investment gain of \$1.0 million. In 2018, the PC earned approximately \$835 thousand in interest income, experienced \$31 thousand in realized losses, and \$90 thousand in unrealized losses for a net investment gain of \$714 thousand.

Operating Expenses

Actual and estimated incurred losses, net of recoveries, comprise of approximately 87.3% of the PC's total expenses in 2019 and 90.2% in 2018. For the years ended February 28, 2019 and 2018 total actual and estimated incurred claims, net of recoveries, decreased by approximately \$5.3 million and increased \$7.8 million, or 28.7% and 71.8% over the prior year.

Unallocated loss adjustment expenses have remained stable year over year. This is due to a multiyear claim adjustment and service fee agreements that holds rates consistent.

Administrative expenses decreased by approximately \$54 thousand and increased by \$77 thousand in 2019 and 2018, respectively, primarily due to increased travel and conference costs and fluctuating personnel expenses with position turnover.

Economic Factors That Will Affect the Future

The Consortium Board sets member assessments for the PC with the goal of member stability year over year, while simultaneously protecting the financial position to assure coverage and future stability. The PC operates in an environment dependent on various external markets including investments, reinsurance, commercial insurance and international financing networks that enable high limit coverage. Some external influences will continue to impact the PC:

- The severity of geographical exposure throughout Florida to catastrophic losses, which can be caused by hurricanes, tornadoes, and other windstorms, hail, wildfires and floods are inherently unpredictable.
- Coverage and rates for reinsurance remain stable for liability and workers' compensation.
- Cyber liability continues to emerge as a growing risk along with the expansion of technology itself. The Consortium continues to modify and enhance coverage to protect members from data security issues and other liabilities derived from cyber activity.
- Replacement cost values and increases to property values.

Request for Information

Questions concerning information provided in the MD&A or other required supplementary information, and financial statements and notes thereto, or requests for additional financial information should be addressed to the Vice President for Administrative Affairs/CFO, Santa Fe College, 3000 Northwest 83rd Street, Gainesville, Florida 32606

**FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018**

(1) Summary of Significant Accounting Policies:

The following is a summary of the more significant accounting policies of Florida College System Risk Management Consortium (the "Consortium"), which affects significant elements of the accompanying financial statements:

(a) **Reporting entity**—The Consortium was created by mutual agreement of 27 Florida College System Boards of Trustees for the purpose of joining in cooperative effort to develop, implement and participate in a coordinated statewide college system risk management program. The Consortium is not a legal entity and the colleges are ultimately responsible for all insurance risks not transferred through excess of loss insurance contracts. The Consortium manages self-insurance, specific insurance and excess insurance for participating colleges in the Property and Casualty Programs, Employee Benefit Programs and Optional Programs, which includes workers' compensation, crime, cyber, environmental breakdown, fiduciary liability, international travel, terrorism, property, allied health, athletics and student accident. The Consortium administers the programs under two separate plans: the Employee Benefits Plan and the Property and Casualty Plan ("PC"). The information contained in these financial statements relates to the PC.

The colleges also retain all rights granted by Florida law, including that of sovereign immunity which limits lawsuits for damages against them to \$200,000 per person and \$300,000 per occurrence. The Florida College System Risk Management Council, comprised of representatives of member colleges, is charged with the overall responsibility for the administration of the risk management program which includes the establishment and approval of policies, guidelines and procedures for administering the self-insured and fully-insured programs. The Risk Management Operations Committee consists of nine voting members and three non-voting members consisting of a representative from the Division of Florida Colleges, a representative of the Fiscal Agent, and the Executive Director of the Consortium. The Committee provides overall supervision of the risk management program and associated activities. The Fiscal Agent, one of the member colleges (see Note 8), has the responsibility for receiving, disbursing, and administering all the monies due to or payable for the risk management consortium program in accordance with the policies and procedures adopted by the Risk Management Council consistent with Florida Statutes. The PC had 27 member colleges in 2019 and 2018.

(b) **Basis of accounting, measurement focus, and financial statement presentation**—The Consortium presents its financial statements on the basis of accounting principles generally accepted in the United States of America ("GAAP") and governmental accounting standards. The Consortium follows GASB Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, which establishes financial reporting standards for state and local governments, including states, cities, towns, villages, and special-purpose governments such as school districts and public utilities and GASB Statement No. 35, *Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities*, an amendment of GASB Statement No. 34 for public colleges and universities to allow the use of the guidance for special-purpose governments engaged only in business-type activities, engaged only in government activities, or engaged in both governmental and business-type activities in their separately issued reports.

The financial statements of the Consortium have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under these methods, revenues are recorded when earned and expenses are recognized when they are incurred.

FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018

(1) **Summary of Significant Accounting Policies:** (Continued)

The Consortium distinguishes operating revenues and expenses from non-operating items. Operating revenues are those revenues that are generated from the primary operations of the Consortium, including investment income. All other revenues are reported as non-operating revenues. Operating expenses are those expenses that are essential to the primary operations of the Company. All other expenses are reported as non-operating expenses. For the years ended February 28, 2019 and 2018, all revenues and expenses of the Consortium were considered to be operating revenues and operating expenses.

(c) **Cash and cash equivalents**—Cash and cash equivalents consist of cash maintained in the Fiscal Agent's demand account, funds invested with the State Board of Administration ("SBA") Florida PRIME investment pool, and the State Treasury Special Purpose Investment Account ("SPIA"). For purposes of reporting cash flows, cash and cash equivalents include all highly liquid investments with original maturities of three months or less when purchased. Under this definition, the Consortium considers amounts invested in SPIA and SBA Florida PRIME investment pool to be cash equivalents. Cash deposits are held in banks qualified as public depositories under Florida law.

All such deposits are insured by Federal depository insurance, up to specified limits, or collateralized with securities held in Florida's multiple financial institution collateral pool required by Chapter 280, Florida Statutes.

(d) **Investments**—Investments are stated at fair value pursuant to GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended by GASB Statement No. 72, *Fair Value Measurement and Application*, and GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*. The Fiscal Agent's Board of Trustees has adopted a written investment policy providing that surplus funds of the Consortium shall be invested in those institutions and instruments permitted under the provisions of Florida Statutes. Pursuant to Section 218.415(16), Florida Statutes, the Consortium is authorized to invest in the Florida PRIME investment pool administered by the SBA; interest-bearing time deposits and savings accounts in qualified public depositories, as defined in Section 280.02, Florida Statutes; direct obligations of the United States Treasury; obligations of Federal agencies and instrumentalities; securities of, or interests in, certain open-end or closed-end management type investment companies; Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency; and other investments approved by the Consortium's Board of Trustees, as authorized by law.

For purposes of cash flows, the funds held in the managed investment accounts, including money market funds which are available on demand, are not considered to be cash equivalents due to management's intent that such funds be held for long-term investment.

(e) **Assessments and assessments receivable**—Assessments written to member colleges, net of insurance premiums ceded pursuant to insurance agreements, are earned ratably over the terms of the underlying policies. All renewal policies are written for a one-year term and expire on March 1 of each year with the exception of policies for Allied Health, Athletics, Student Accident, and other special coverages, which expire during the month of August. Assessments written relating to the unexpired portion of policies in-force at the balance sheet date are recorded as unearned assessments.

FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018

(1) **Summary of Significant Accounting Policies:** (Continued)

If anticipated losses, loss adjustment expenses ("LAE"), commissions and other acquisition costs exceed the Consortium's recorded unearned assessment reserve, an assessment deficiency reserve is recognized. The Consortium anticipates investment income as a factor in the assessment deficiency calculation. At February 28, 2019 and 2018, management determined that no assessment deficiency reserve was required.

(f) **Restricted deposits**—Deposits are the collateral payments held for workers' compensation insurance claims. Such amounts are expected to be applied against future qualified workers' compensation insurance claims. Any amounts remaining thereafter will be refunded to the Consortium.

(g) **Excess of loss insurance**—Amounts recoverable on unpaid losses and LAE from excess carriers pursuant to the insurance agreements have been estimated using actuarial assumptions consistent with those used in establishing the liability for losses and LAE, as described below. Such amounts are recorded as an offset against unpaid losses and LAE.

Management believes the recoverables from excess of loss carriers on unpaid losses and LAE, as recorded, represents its best estimate of such amount; however, as changes in the estimated ultimate liability for losses and LAE are determined, the estimated ultimate amount recoverable from excess carriers may also change. Accordingly, the ultimate recoverable could be significantly in excess of or less than the amount indicated in the financial statements. As adjustments to these estimates become necessary, such adjustments are reflected in current operations.

Management evaluates the financial condition of its excess of loss carriers and monitors concentrations of credit risk to minimize its exposure to significant losses from excess of loss carrier insolvencies. Excess of loss contracts do not relieve the Consortium from its obligations to member colleges. The Consortium remains obligated for amounts ceded in the event that the excess of loss carriers do not meet their obligations.

(h) **Capital assets**—Property and equipment is stated at cost less accumulated depreciation. The Consortium has a capitalization threshold of \$5,000 for tangible personal property and \$25,000 for leasehold improvements. Expenditures for repairs and maintenance are charged to expense as they are incurred. Depreciation is computed on the straight-line basis over the following estimated useful lives:

- Leasehold Improvements - 10 years or the associated lease period if shorter
- Property and Equipment - 3 to 5 years

Depreciation expense was \$10,281 in 2019 and \$5,420 in 2018.

(i) **Loss and loss adjustment expense reserves**—The reserves for unpaid loss and LAE include case basis estimates of reported losses, plus supplemental amounts for incurred but not reported losses ("IBNR") calculated based upon loss projections utilizing certain actuarial assumptions and studies of the Consortium's historical loss experience and industry statistics. Management believes that its aggregate liability for unpaid losses and LAE at year-end represents its best estimate of the amount necessary to cover the ultimate cost of claims based upon an actuarial analysis prepared by a

FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018

(1) **Summary of Significant Accounting Policies:** (Continued)

consulting actuary. Considerable uncertainty and variability are inherent in such estimates, and accordingly, the subsequent development of these reserves may not conform to the assumptions inherent in the determination. In addition, certain long-tail lines of insurance are subject to considerable loss variability attributable to social, economic and legal considerations that are not directly quantifiable. Accordingly, the ultimate liability could be significantly in excess of or less than the amount indicated in the financial statements. As adjustments to these estimates become necessary, such adjustments are reflected in current operations.

(j) **Compensated absences**—All employees are employed by the Fiscal Agent. Employee leave and attendance policies include provisions for granting specified numbers of sick and vacation leave days with pay each year. Such leave not taken may become payable upon termination of employment. The liability for leave not taken, included in accounts payable and accrued liabilities on the accompanying statements of net position, amounted to \$89,955 and \$95,944 at February 28, 2019 and 2018, respectively.

(k) **Recognition of assessment revenues**—Assessment revenues are recognized as revenue on a pro rata basis over the policy term. The portion of assessments that will be earned in the future are deferred and reported as unearned assessments.

(l) **Use of estimates**—The preparation of financial statements in conformity with generally accepted accounting principles generally accepted in the United States of America (“GAAP”) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(m) **Reclassification**—Certain amounts in the 2018 financial statements have been reclassified between expense, revenue, asset and liability categories. The reclassifications had no effect on 2018 net position or change in net position for the Consortium.

(n) **Income taxes**—Federal and state statutes exempt state supported colleges and universities from income tax liability. Since the Florida College System Risk Management Consortium consists solely of state supported colleges, it is exempt from any income tax liability.

(o) **Recent accounting pronouncements**—The Governmental Accounting Standards Board (GASB) has issued several pronouncements that have effective dates that may impact future financial statements. Listed below are pronouncements with required implementation dates effective for fiscal years subsequent to February 28, 2019, that have not yet been implemented. Management has not currently determined what, if any, impact implementation of the following will have on the Consortium’s financial statements.

(p) GASB issued Statement No. 87, *Leases*, in June 2017. GASB 87 increases the usefulness of governments’ financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. The provisions in GASB 87 are effective for periods beginning after December 15, 2019.

FLORIDA COLLEGE SYSTEM RISK MANAGEMENT CONSORTIUM
PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018

(2) Cash and Cash Equivalents:

The Consortium reported as cash equivalents \$36,560,096 and \$42,373,756 at February 28, 2019 and 2018, respectively, of monies held in the State Treasury SPIA investment pool representing ownership of a share of the pool. The SPIA carried a credit rating of AA-f by Standard and Poor's. The Consortium relies on policies developed by the State Treasury for managing interest rate risk or credit risk for this investment pool. Disclosures for the State Treasury SPIA investment pool are included in the notes to the financial statements of the State's Comprehensive Annual Financial Report.

At February 28, 2019 and 2018, the Consortium reported as cash equivalents \$1,103,780 and \$315, respectively, of monies held in the Florida PRIME investment pool administered by the SBA pursuant to Section 218.405, Florida Statutes. The Consortium's investments in the Florida PRIME investment pool, which the SBA indicates is a Securities and Exchange Commission Rule 2a7-like external investment pool, are similar to money market funds in which shares are owned in the fund rather than underlying investments. At February 28, 2019 the Florida PRIME investment pool carried a credit rating of AAAm by Standard and Poor's and had a weighted average maturity (WAM) of 33 days. A portfolio's WAM reflects the average maturity in days based on final maturity or reset date, in the case of floating rate instruments. WAM measures the sensitivity of the Florida PRIME investment pool to interest rate changes. The investments in Florida PRIME investment pool are reported at amortized cost.

(3) Investments:

Investments of the Consortium at February 28, 2019 and 2018, are reported at fair value with changes in fair value reported as a component of investment income.

The Consortium categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The Consortium has the following recurring fair value measurements as of February 28, 2019 and 2018:

February 28, 2019	Total	Level 1	Level 2	Level 3
Investments				
US Treasury Notes	\$ 1,523,754	\$ 1,523,754	\$ -	\$ -

GASB Statement No. 40, *Deposits and Investments Risk Disclosures*, requires the disclosure of certain investments that exceed five percent of total investments. The Consortium has an investment in a governmental agency, Federal Home Loan Mortgage, with a fair value of \$440,551 or 6.6% of total investments.

The following risks apply to investments:

Interest Rate Risk: Interest rate risk is the risk that changing interest rates will adversely affect the fair value of an investment. The investment policy of the Consortium limits the maximum effective duration of the aggregate portfolio to three years. The performance benchmark for the Consortium is the Merrill Lynch 1 - 5 Year U.S. Treasury Index.

The Merrill Lynch 1-5 Year U.S. Treasury Index effective duration was 2.56 at February 28, 2019 and 2.59 at February 28, 2018. The effective duration of the Consortium's portfolio at February 28, 2019 and 2018, respectively, was 2.39 and 2.47 years. Recognizing that market volatility is a function of duration, the investment policy of the Consortium also states that the portfolio is to be maintained as short- to intermediary-term duration portfolio. The maximum duration of floating rate and individual securities is limited to five and a half years from the date of purchase. At February 28, 2019, the Consortium's longest individual security effective duration was 4.66 years.

The scheduled maturities of securities at fair value are as follows:

	2019	2018
Due in one year or less	\$ 260,372	\$ 458,558
Due in 1 – 5 years	5,949,755	5,626,001
Due in more than 5 years	457,031	393,891
Total	<u>\$ 6,667,158</u>	<u>\$ 6,478,450</u>

(3) **Investments:** (Continued)

Notes: (1) Rating by at least one SEC-registered NRSRO, unless otherwise noted. ST=Short-term; LT=Long-term.

- (2) Maximum allocation to all corporate and bank credit instruments is 50% combined.
- (3) Maximum exposure to any one Federal Agency, including the combined holdings of Agency debt and Agency MBS is 40%.
- (4) The maturity limit for MBS and ABS is based on the expected average life at the time of purchase, measured using Bloomberg or other industry standard methods.

At February 28, 2019, the investments of the Consortium in obligations of the United States Government and Government-sponsored enterprises, Federal agency collateralized mortgage obligations, corporate notes, mortgage-backed pass-throughs, commercial paper, foreign notes, asset-backed securities, and money market funds were rated by Standard & Poor's as follows:

Investment Type	Fair Value	Average Credit Quality Rating
United States Treasury Notes	\$ 1,523,754	N/A
Obligations of United States Government and Government Sponsored Enterprises	477,251	AA+
Corporate Notes	3,282,566	BBB to AA-
Federal Agency Collateralized Mortgage Obligations	147,764	AA+
Foreign Notes	39,839	AAA
Asset Backed Securities	812,863	AAA
Mortgage-Backed Pass-Throughs	335,170	AA+
Money Market Mutual Funds	47,951	AAAm

Custodial Credit Risk: Custodial Credit Risk is the risk that, in the event of failure of the counterparty to a transaction, the Consortium will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The investment policy of the Consortium requires that all securities purchased be properly designated as an asset of the Consortium and held in safekeeping by a third party custodial bank or other third party custodial institution. The Consortium's investments are held by a safekeeping agent in the name of the Consortium.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of the Consortium's investment in a single issuer. The investment policy of the Consortium provides that a maximum of five percent of the portfolios individual corporate exposure may be invested in securities of a single issuer, excluding U.S. Government, government agencies, government-sponsored enterprise securities, and money market funds.

(4) **Insurance Activity:**

The Consortium establishes and annual "loss fund" which is an amount estimated to be necessary to cover claims expected to be incurred in the coming year. To determine the annual assessments to members, the loss fund is increased by the estimated costs of insurance and administrative expenses of the Consortium and reduced by anticipated investment income. The annual assessments is billed in two parts, one being

PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018

(4) **Insurance Activity:** (Continued)

due March 1st and the other due July 1st each year. Periodically, the loss funds for prior plan years are compared to the actual experience for those years, and estimated refunds or surcharges for those years are determined. Such refunds or surcharges are made through adjustments to the current year's annual assessments previously determined.

Assessment activity for the years ended February 28, 2019 and 2018 is summarized as follows:

	<u>Direct</u>	<u>Ceded</u>	<u>Net</u>
February 28, 2019			
Assessments earned	\$ 28,837,481	\$ 15,366,867	\$ 13,470,614
February 28, 2018			
Assessments earned	\$ 28,956,235	\$ 16,866,350	\$ 12,089,885

The following table provides a reconciliation of the beginning and ending reserve balances for losses and LAE:

	<u>2019</u>	<u>2018</u>
Gross balances at March 1	\$ 52,202,644	\$ 37,501,393
Less: Recoverables from excess carriers on unpaid losses	14,372,000	9,888,000
Net balances at March 1	37,830,644	27,613,393
Incurred related to:		
Current year	17,391,370	18,919,000
Prior years	(4,102,031)	(288,822)
Total incurred losses and LAE	13,289,339	18,630,178
Paid related to:		
Current year	3,660,013	1,803,000
Prior years	9,643,716	6,609,927
Total paid losses and LAE	13,303,729	8,412,927
Net balances at February 28	37,816,254	37,830,644
Plus: Recoverables from excess carriers on unpaid losses	40,474,831	14,372,000
Gross balances at February 28	<u>\$ 78,291,085</u>	<u>\$ 52,202,644</u>

The estimate of the liability for losses and loss adjustment expenses by loss year is subject to change until all claims for each loss year are closed. As a result of changes in estimates and insured events in prior years, the net loss and loss adjustment expenses incurred decreased due to refinements in prior years' ultimate loss projections.

The components of the liability for net losses and LAE are as follows:

	<u>2019</u>	<u>2018</u>
Case-basis reserves	\$ 18,842,254	\$ 17,855,644
Supplemental reserves	18,974,000	19,975,000
Total	<u>\$ 37,816,254</u>	<u>\$ 37,830,644</u>

FEBRUARY 28, 2019 AND 2018

(5) Excess of Loss Insurance:

The Consortium's members are exposed to various risks of loss related torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. They retain the risk for insuring losses up to a specific limit ("attachment point") for each type of insurance it offers and purchases insurance to cover losses above that point.

As of March 1, 2018, the attachment points per insured event are for property damage the greater of \$2.5 million or 3% of the values of damaged buildings and/or contents if caused by a named windstorm and \$2.5 million for other flood occurrence; \$750,000 for workers' compensation; \$200,000 for excess liability; \$50,000 for errors & omissions; \$50,000 for employee fidelity; \$50,000 for fiscal agent fidelity; and \$50,000 for lightning damage due to equipment breakdown.

Prior to March 1, 2018, the attachment points per insured event are for property damage the greater of \$2.5 million or 3% of the values of damaged buildings and/or contents if caused by a named windstorm and \$2.5 million for other flood occurrence; \$500,000 for workers' compensation; \$200,000 for excess liability; \$50,000 for errors & omissions; \$50,000 for employee fidelity; \$50,000 for fiscal agent fidelity; and \$50,000 for lightning damage due to equipment breakdown.

The costs for such insurance were \$15,366,867 and \$16,866,350 as of February 28, 2019 and 2018, respectively, and are netted against assessments earned on the statement of revenues, expenses and changes in net position. Recoveries from the Consortium's insurance policies for amounts in excess of the attachment points reduce losses.

Amounts recoverable from excess of loss carriers on unpaid losses and LAE are estimated based on current estimates for subject losses. Actual amounts recoverable will depend on the ultimate settlement of losses and LAE.

The Consortium is required to participate in certain workers' compensation insurance arrangements with the State of Florida.

(6) Retirement Benefits:

The Consortium's employees are employed by the Fiscal Agent. The Consortium does not administer a separate retirement plan for its employees; however, pursuant to law, all salaried employees are members of retirement plans of the State of Florida. The retirement plans accounting and funding policies, actuarial present value of accumulated plan benefits, net assets available for benefits and other related matters are the responsibility of the Florida State Department of Administration, Division of Retirement. Other post-employment benefits (OPEB), primarily subsidized premiums for health insurance, are provided by the Fiscal Agent. The complete disclosures for the retirement plan and OPEB are in the Notes to Financial Statements for the Fiscal Agent (see Note 8).

PROPERTY AND CASUALTY PLAN
NOTES TO FINANCIAL STATEMENTS
FEBRUARY 28, 2019 AND 2018**

(7) Rentals Under Operating Leases:

The Consortium rented office space for \$7,132 monthly through September 30, 2018. Effective October 1, 2018, the new term of the lease was extended to run through September 30, 2025. In each new term year beginning on October 1st, monthly rent will be increased by the lesser of 3% or the CPI growth as measured by the United State Bureau of Labor Statistics CPI-U (All Urban Consumers). The PC is responsible for 50% of the lease obligation. The following is a schedule by year of future minimum rental payments required under the operating lease agreements:

Year Ending February 28,	Amount
2020	\$ 89,254
2021	91,932
2022	94,690
2023	97,531
2024	100,457
Thereafter	164,871
	<u>\$ 638,735</u>

(8) Related Party Transactions:

The Consortium provides property and casualty insurance coverage to 27 member colleges, which are considered related parties. Total assessment revenues with respect to this coverage for the years ended February 28, 2019 and 2018, were \$28,837,481 and \$28,956,235, respectively.

Santa Fe College, the Fiscal Agent, serves as the pay agent for staff who are paid from the Consortium. On a regular basis the Consortium transfers monies to Santa Fe College to cover staff salaries, benefits, and other administrative costs. Payments to Santa Fe College for fiscal services provided, which are included in administrative costs on the statement of revenues, expenses and changes in net position, totaled \$88,476 and \$87,616 for the years ended February 28, 2019 and 2018, respectively.

Action Item 1.b.2.
Property/Casualty Program
2018 Audit Management Letter

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

To the Consortium Board,
 Florida College System Risk Management Consortium (P & C Plan)
 Property and Casualty Plans:

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Florida College System Risk Management Consortium Property and Casualty Plans, which comprise the statement of net position as of February 28, 2019, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated October 22, 2019.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Florida College System Risk Management Consortium's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Florida College System Risk Management Consortium's internal control. Accordingly, we do not express an opinion on the effectiveness of Florida College System Risk Management Consortium's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described below, that we consider to be a material weakness.

2019-01: Claims Activity and Recording

Organizations that accept risk through the pooling of risks operate differently than most companies in that the ultimate cost of providing risk management coverage can vary significantly from the assessments collected. Uncertainties related to the ultimate costs of claims leads to use of significant estimates in their financial statements, including provisions for unpaid claims, claims incurred but not reported and recoverables from excess carriers on paid and unpaid claims. The quality of these estimates is based upon the accuracy and reliability of the underlying claims data.

During our audit testing, we noted the following observations that relate to the compilation of several estimates included within the Consortium's financial statements:

- Assessment and loss data are not tracked by line of business within the general ledger;
- Paid claims data provided to the actuary did not reconcile to loss data;
- There was no process in place for reconciling paid and outstanding loss data from the claims system to either the trial balance or actuary's report;
- Self-insured deductibles and recoverables from excess carriers on paid losses were comingled and difficult to separate into their respective balances by debtor;
- For non-hurricane losses, the related recoverables from excess carriers on unpaid claims was not separately tracked but recorded net within outstanding losses;
- There was no process in place to ensure all ceded paid losses were being collected on a timely basis;
- The general ledger chart of accounts has not been set up to be conducive to reporting risk management specific activities. For example, in addition to that noted above, nearly all public entity risk pools use "change-in" accounts to offset every premium and reserve journal entry.

While the accounting processes currently used produced financials that were reasonable, improvements to the chart of accounts and accounting process for assessments, claims, recoverables and funds held from excess carriers would greatly improve the quality of financial reporting data prepared by management. These improvements would strengthen internal controls and allow more meaningful analysis of the Consortium's financial position and results of operations. Further, we recommend that the Consortium Board consider enhancing the risk management qualifications of its accounting function through expanding the scope of work performed by its third party claims administrator (currently Gallagher Basset) to include a review of the Consortium's internally prepared financial statements and reconciliations to underlying data, and implementing additional financial monitoring procedures (i.e., reporting analytics).

Management Response to finding 2019-01

We agree improvements are needed to claim activity data, reporting and recording. We are in the process of working with the current third-party claims administrator to facilitate additional claim data reports. Management is also in the process of soliciting services for a third-party claims administrator and will work with experts to assure the service provider selected has the reporting and recording functions necessary for accurate and reliable claims data. We will also review recommended improvements to the chart of accounts and recording of financial data.

Compliance and Other Matters

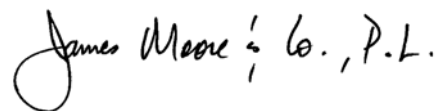

As part of obtaining reasonable assurance about whether Florida College System Risk Management Consortium Plans' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Florida College System Risk Management Consortium's Response to Findings

Florida College System Risk Management Consortium's response to the findings identified in our audit are described in a preceding paragraph of this report. Florida College System Risk Management Consortium's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

STATEMENT OF ACTUARIAL OPINION

March 11, 2019

I, George T. Dunlap IV, am an Actuarial Consultant with Cornerstone Actuarial Solutions, LLC (CORNERSTONE). I am a member of the American Academy of Actuaries and meet its qualification standards. I am also an Associate of the Casualty Actuarial Society and meet its qualification standards. I have been retained by the Florida College System Risk Management Consortium (FCSRMC) with regard to loss and allocated loss adjustment expense (ALAE) reserves.

I have relied upon representations, underlying records, and unaudited summaries prepared by the responsible individual of the FCSRMC. The individual who provided such summaries was Marsha Hackathorn, Enterprise Risk Manager of the FCSRMC. Specifically, I assumed the quality of the basic contracts or the collectibles.

Primarily, my work revolved around the net and gross reserve needs for the Workers Compensation, General Liability, Automobile Liability, Errors & Omissions, and Property coverages. Net reserves for this opinion mean net of specific excess and aggregate reinsurance, and all reserves (net, gross and ceded) are net of estimated subrogation & salvage recoverables and recoverables from the Second Disability Trust Fund (S.D.T.F.) which are reflected implicitly (the data provided was net of subrogation & salvage and S.D.T.F. received). The loss and ALAE reserves were derived by accepted and recognized actuarial methods.

In my opinion, the amounts set forth in this opinion on account of the items identified above:

- 1) Are computed in accordance with accepted loss reserving standards and are fairly stated in accordance with sound loss reserving principles;
- 2) Are based on factors relevant to the provisions of the FCSRMC;
- 3) Should make a good and sufficient provision for all net unpaid loss and loss expense obligations for the FCSRMC under the terms of its policies and agreements;

Due to the requirement of G.A.S.B. 30, I provide reserves on a net, gross and ceded basis with respect to reinsurance. My point estimates are as follows:

Loss + ALAE Reserves as of February 28, 2019
 (000's)

	<u>Net</u>	<u>Gross</u>	<u>Ceded</u>
Total Undiscounted	\$37,817	\$85,705	\$47,888
Ceded = Gross – Net			

The IBNR estimates make no provision for the extraordinary future emergence of either new classes of losses, post-contractual expansions of policy coverage, nor for any extraordinary development of reserves that may have been established specifically for these events. Also, the IBNR estimates make no provision for changes in claim settlement, evaluation, reporting, and booking or variations in loss development other than that contained in the supporting work papers.

I did not review any of the FCSRMC's assets and I did not form any opinion as to their validity or value. The following opinion rests on the assumption that the FCSRMC's February 28, 2019 reserves identified herein are funded by valid assets, which have scheduled maturities and/or adequate liquidity to meet cash flow requirements.

My review related only to those reserves identified herein and I do not express an opinion on the FCSRMC's financial statement taken as a whole.

This opinion, actuarial report, and supporting work papers were prepared solely for the purpose of fulfilling regulatory requirements and for the outside auditor and is not intended for any other purpose. I expect the outside auditor for the FCSRMC to so notify me should any material problems appear during their review.

Sincerely,

A handwritten signature in black ink, appearing to read "G. T. Dunlap IV", written in a cursive style.

George T. Dunlap IV, A.C.A.S., M.A.A.A.

Property/Casualty Program

Risk Management Premium Credit

Risk Management Premium Credit

FCSRMC can earn a 6 percent discount on their renewal premium through the United Educators RMPC. The program involves two phases and specific milestones for implementation, designed to help the member sustain risk management activities throughout the entire 2020-2021 policy period.

Phase I – Within four months of renewal date

- Complete Risk Survey
- Update Contact Forms
- Participate in RM Connect call

Phase II – Within 10 months of renewal date

- Complete Best Practices Checkup and identify follow-up actions to reduce risk
- Participate in RM follow-up call to evaluate results
- Decide on a risk implementation plan with United Educators
- Provide proof that plan was implemented

Participation in the Risk Management Premium Credit saves FCSRMC 6% of the total United Educators renewal premium.

21 colleges participated in our TITLE IX Conference, which counted towards our RMPC credit in 2020–2021. The credit resulted in a \$101,319 premium reduction with United Educators.

Information Item 3.a.
Employee Benefits Plan

2020-2022 Strategic Plans

EMPLOYEE BENEFITS STRATEGIC PLANS

2020-2022

GOAL & KEY OBJECTIVES

- Effectively utilize the collective purchasing power of the participating colleges in evaluating and securing marketplace products and services that represent the highest value and most competitive pricing.
- Key OBJECTIVES
 - Conduct a market/network evaluation to estimate the financial impact of changing medical vendors
 - Conduct a market review for VISION Products
 - Conduct a review of the Pharmacy programs to determine how pricing and design compare to benchmarks
 - Analyze and market the Stop Loss Coverage to ensure appropriate level of risk and leverage pricing if possible
 - Conduct a full benchmark of current plan designs

MERCER ENGAGEMENT

- FCSRMC engaged Mercer in an on-going consulting arrangement as of 9/1/2019.
- First priorities for Mercer included the following:
 - Conduct a market/network evaluation to estimate the financial impact of changing medical vendors
 - Conduct a review of the Pharmacy programs to determine how pricing and design compare to benchmarks
 - Analyze and market the Stop Loss Coverage to ensure appropriate level of risk and leverage pricing if possible
 - Conduct a full benchmark of current plan designs

MEDICAL MARKET/NETWORK EVALUATION (NETPIC)

- Mercer conducted a network evaluation for Florida College System Risk Management Consortium (“FCSRMC”) using their proprietary tool that estimates the financial impact of changing medical vendors.
 - This analysis focuses on the medical carrier network discounts, which typically account for between 60-75% of the overall plan spend.
 - Estimated FCSRMC Spend based on Mercer’s Projection of 2020 Plan Expenses
 - 64% Medical Claims (directly impacted by the carrier’s network discounts)
 - 27% Pharmacy Claims
 - 8% Stop Loss, Admin & other fees
 - By ensuring FCSRMC is partnered with the carrier able to provide the deepest discounts, the financial savings far exceed any possible savings from negotiating the carriers fixed fees

PHARMACY BENCHMARKING AND REVIEW

- Florida College System Risk Management Consortium (“FCSRMC”) engaged Mercer Health & Benefits LLC (“Mercer”) to assist in its Pharmacy Benefit Management (“PBM”) market check with Blue Cross Blue Shield Florida (“BCBSFL”) for the one-year period January 1, 2020 through December 31, 2020.
- To assess the competitiveness of BCBSFL’s proposed 2020 pricing terms, Mercer performed a financial benchmarking using its proprietary financial analysis tool. This assessment included actual proposals for 2020 pricing terms from the top medical and pharmacy carriers for:
 - Premier employers with comparable covered employee lives;
 - Commercial pricing arrangements;
 - Integrated retail/mail/specialty drug programs;
 - Retail pass-through pricing structures;
 - Broad and Narrow retail networks including all major retail pharmacy chains; and
 - Mail order penetration similar to FCSRMC.
- The benchmark comparisons revealed that BCBSFL’s escalators in the current contract for 2020 pricing components for FCSRMC indicated that although some of the current contract terms are reasonably competitive, there were areas for improvement compared to self-funded clients of similar size and plan design, as noted in the “Target Renewal Terms” columns on the page that follows.

PHARMACY BENCHMARKING AND REVIEW

- The financial exhibit below outlines BCBSFL Current 2020 Contract Terms (“Experience Data”) compared to the “Target Terms”, which are shown in a range of low to high benchmarks as well as the potential savings through Mercer’s Pharmacy Collectives.

1/1/2020 - 12/31/2020	BCBSFL Experience Data	Target Terms		Mercer Collectives with Open Formularies				
		Low Benchmarks	High Benchmarks	NCP Traditional (Caremark)	PBMC Traditional (ESI)	OptumRx Pass Through	OptumRx - Traditional	
Retail Network	\$20,842,000	\$20,627,000	\$20,554,000	\$20,800,000	\$20,902,000	\$20,520,000	\$20,375,000	
Retail 90 Network	\$8,255,000	\$8,628,000	\$8,564,000	\$9,032,000	\$9,105,000	\$8,787,000	\$8,682,000	
Mail Order	\$1,489,000	\$1,382,000	\$1,367,000	\$1,342,000	\$1,355,000	\$1,347,000	\$1,347,000	
Specialty Pharmacy	\$4,735,000	\$4,876,000	\$4,864,000	\$4,805,000	\$4,834,000	\$4,845,000	\$4,754,000	
Misc. Claims (compounds, paper claims, etc).	\$146,000	\$146,000	\$146,000	\$146,000	\$146,000	\$146,000	\$146,000	
Total Gross Rx Claim Cost	\$35,467,000	\$35,659,000	\$35,495,000	\$36,125,000	\$36,342,000	\$35,645,000	\$35,304,000	
PBM Base Administrative Fees	\$0	\$209,000	\$203,000	\$1,000	\$20,000	\$262,000	\$11,000	
Program Management Fees	\$0	\$0	\$0	\$103,000	\$103,000	\$103,000	\$103,000	
Collective Implementation Fee (year-1 only)	\$0	\$0	\$0	\$20,000	\$20,000	\$20,000	\$20,000	
Rebates	(\$3,903,000)	(\$5,632,000)	(\$6,488,000)	(\$6,244,000)	(\$6,958,000)	(\$5,352,000)	(\$5,352,000)	
PROJECTED PROGRAM COST	\$31,564,000	\$30,236,000	\$29,210,000	\$30,005,000	\$29,527,000	\$30,678,000	\$30,086,000	
Cost/(Savings) from Current								
Dollar	N/A	(\$1,328,000)	(\$2,354,000)	(\$1,559,000)	(\$2,037,000)	(\$886,000)	(\$1,478,000)	
Percent	N/A	-4.2%	-7.5%	-4.9%	-6.5%	-2.8%	-4.7%	

- Based on the financial opportunities available in the market, Mercer recommends engaging in negotiations with BCBSFL, as well as seeing quotes from Mercer’s Collectives for the 1/1/2021 plan year.

STOP LOSS REVIEW AND MARKETING

- Although FCSRMC had received a flat Stop Loss renewal from Florida Blue (HMLife) for the 2020 plan year, Mercer recommended marketing the coverage due to the history of premium to claims reimbursements over the last 3+ years.

	SPECIFIC DEDUCTIBLE	PREMIUMS PAID	CLAIM REIMBURSEMENTS	LOSS RATIO	NET AMOUNT PAID OVER REIMBURSEMENTS
1/1/2016-12/31/2016	\$375,000	\$4,744,423	\$913,603	19%	\$3,830,820
1/1/2017-12/31/2017	\$400,000	\$4,383,645	\$1,107,401	25%	\$3,276,244
1/1/2018-12/31/2018	\$400,000	\$4,346,594	\$1,580,963	36%	\$2,765,631
Total 2016 - 2018		\$13,474,662	\$3,601,967	27%	\$9,872,695
Current Policy Period YTD	\$400,000	\$3,533,818	\$1,329,520	38%	\$2,204,299
Total 2016 - Current YTD		\$17,008,480	\$4,931,487	29%	\$12,076,993

- When seeking Stop Loss quotes Mercer also requested deductible levels that were more in line with typical risk levels for a population of this size.
- Mercer was able to obtain competitive market quotes and ultimately leveraged those with Florida Blue (HMLife) resulting in a final renewal of 9.3% below current for a total of \$1,700,000 in negotiated savings.

MEDICAL PLAN OFFERINGS AND PLAN DESIGN REVIEW

- **Number of Plans**
 - Currently 9 total plan designs offered (self-insured) with as many as 7 plans at one school
 - Market Data indicates 3-5 plan being offered is most common
- **Type of Plans**
 - Currently offering PPO, HMO and HDHP/HSA plan designs, which is in line with Market, but not all schools offering choice. Some are offering only HMOs, or only PPOs, etc.
 - ~27% of total population enrolled in HMO
 - ~69% of total population enrolled in PPO
 - <5% of total population enrolled in HDHP/HSA

MEDICAL PLAN OFFERINGS AND PLAN DESIGN REVIEW

- **Value of Plans**

- Current Actuarial Value* (AV) of plans too close in value
 - 5 PPOs plans ranging from 80.7 to 88.3
 - 3 HMOs plans ranging from 86.6 to 90.2
 - 1 HDHP w/HSA contribution at 84.8
- All plans being offered are Gold or Platinum in value
 - Platinum Plans – 90%+ value
 - Gold Plans – 80% - 89.9% value
 - Silver Plans – 70% - 79.9% value
 - Bronze Plans – 60% - 69.9% value
- Best Practices would indicate there should be a larger spread between plan values and designs offered by any one school, to insure true “choice” in coverage/value
- Actuarial Value is the percentage of total average costs for covered benefits that the plan will cover, with the remaining portion being covered by the member through copays, deductible, coinsurance, etc. A higher Actuarial Value indicates a “richer” benefit or a higher overall plan value to the member.

MEDICAL PLAN OFFERINGS AND PLAN DESIGN REVIEW

- **Recommendation**
 - Mercer has provided two scenarios for consideration
 - Three Plan Offering – High (HMO), Med (PPO), and Low (HDHP) plans
 - Five Plan Offering – 2 High, 2 Medium, 1 Low plan
 - By standardizing and maintaining 3 or 5 plan designs at most, and beginning to increase the spread between the plan values over time, FCSRMC can offer true choice to its members while being able to capitalize on potential savings and administrative efficiencies not available due to the current complexities.
 - See sample 3 and 5 plan offerings on the following pages. FCSRMC current plan designs and enrollment are included in the Appendix for reference.

Fixed-Income Sector Outlook – January 2020

Sector	Our Investment Preferences	Comments
COMMERCIAL PAPER / CD		• Money market credit spreads remain attractive. New issue supply may increase in the new year.
TREASURIES		• T-Bills have rallied further on Fed purchases and low repo rates. Other short-term instruments remain relatively more attractive.
T-Bill		• T-Notes offer attractive yield pickup vs. T-Bills in certain maturities.
T-Note		
FEDERAL AGENCIES		
Bullets		• Bullet valuations remain near historical tightness across the curve and continue to trade in a relatively narrow range. New issues should be evaluated for opportunities to add relative value; otherwise, Treasuries should be preferred.
Callables		• Redemptions remained elevated during Q4 but have started to slow as rates have begun to stabilize. As a result, new issue supply has slowed as well. Spread pickup vs. bullets remains well below YTD averages, with little chance for outperformance. Accounts should favor bulleted structures vs. callable.
SUPRANATIONALS		• Spreads remain anchored across the curve. Expect modestly wider spreads in Q1 on account of higher issuer funding targets and favorable USD basis. New issues should be evaluated for opportunities to add relative value.
CORPORATES		
Financials		• Solid economic data, an accommodative Fed, and positive technicals continue to support the corporate sector. Tight valuations limit the potential for outperformance in 2020. A growing list of uncertainties and pending supply could result in wider spreads and better buying opportunities.
Industrials		
SECURITIZED		
Asset-Backed		• AAA-rated ABS yield spreads widened during December and are currently near their 3 year historic average. Broad measures of auto ABS spreads are comparable to spreads on high quality corporate securities.
Agency Mortgage-Backed		• Q4 saw strong excess returns from MBS as spreads narrowed significantly. Buyers were enticed by higher spreads, lower volatility and the expectation that the Fed is on hold.
Agency CMBS		• Agency CMBS spreads widened in December. The sector has good relative value compared to less structured MBS and other government sectors.
MUNICIPALS		• Value remains in new issue taxable deals which continue to be driven by the surge in taxable issuance, an alternative to tax-exempt advance refundings.

● Current outlook ○ Outlook one month ago

Tab II

- The Consortium's Investment Portfolio is of high credit quality and invested in U.S. Treasury, corporate note, Federal Agency/GSE, Federal Agency/CMO, mortgage-backed, asset-backed, and supranational securities.
- The Investment Portfolio's quarterly total return performance of 0.66% outperformed the benchmark's performance of 0.35% by 0.31%. Over the past year, the Portfolio earned 5.46%, versus 4.20% for the benchmark.
- Following three consecutive Fed rate cuts, we continued to maintain portfolio durations in line with benchmarks for the quarter as market expectations called for stable rates well into 2020.
- Maintained broad diversification across all permitted fixed income sectors. Although most sector spread levels were on the tighter end of their recent trading history, the incremental income was generally additive to performance in a range-bound interest rate environment in Q4.
- We expect the Fed to remain on hold for an extended period and rates to remain mostly range-bound in the near-term. As a result, we plan to continue a duration-neutral strategy relative to benchmarks.
- We continued to de-emphasize agencies and supranationals, generally reducing allocations in favor of other sectors. Value in federal agency and supranational issuers remained extremely limited, largely on scarce supply. Spreads remained near historically tight levels, capping both sectors' excess returns in Q4. In some instances, agencies were trading at yields less than similar maturity Treasuries. We also largely avoided callable agencies during the quarter as early redemption risk remained elevated.
- Short-term investors found opportunities from wider spreads on money market credit investments (commercial paper). Increased allocations to the sector at attractive levels helped cushion the impact of the Fed's lower overnight target rate.

IMPORTANT DISCLOSURES

This material is based on information obtained from sources generally believed to be reliable and available to the public; however, PFM Asset Management LLC cannot guarantee its accuracy, completeness or suitability. This material is for general information purposes only and is not intended to provide specific advice or a specific recommendation. All statements as to what will or may happen under certain circumstances are based on assumptions, some, but not all of which, are noted in the presentation. Assumptions may or may not be proven correct as actual events occur, and results may depend on events outside of your or our control. Changes in assumptions may have a material effect on results. Past performance does not necessarily reflect and is not a guaranty of future results. The information contained in this presentation is not an offer to purchase or sell any securities.

- Market values that include accrued interest are derived from closing bid prices as of the last business day of the month as supplied by Interactive Data, Bloomberg, or Telerate. Where prices are not available from generally recognized sources, the securities are priced using a yield based matrix system to arrive at an estimated market value.
- In accordance with generally accepted accounting principles, information is presented on a trade date basis; forward settling purchases are included in the monthly balances, and forward settling sales are excluded.
- Performance is presented in accordance with the CFA Institute's Global Investment Performance Standards (GIPS). Unless otherwise noted, performance is shown gross of fees. Quarterly returns are presented on an unannualized basis. Returns for periods greater than one year are presented on an annualized basis. Past performance is not indicative of future returns.
- Bank of America/Merrill Lynch Indices provided by Bloomberg Financial Markets.
- Money market fund/cash balances are included in performance and duration computations.
- Standard & Poor's is the source of the credit ratings. Distribution of credit rating is exclusive of money market fund/LGIP holdings.
- Callable securities in the portfolio are included in the maturity distribution analysis to their stated maturity date, although, they may be called prior to maturity.
- MBS maturities are represented by expected average life.

GLOSSARY

- **ACCRUED INTEREST:** Interest that is due on a bond or other fixed income security since the last interest payment was made.
- **AGENCIES:** Federal agency securities and/or Government-sponsored enterprises.
- **AMORTIZED COST:** The original cost of the principal of the security is adjusted for the amount of the periodic reduction of any discount or premium from the purchase date until the date of the report. Discount or premium with respect to short-term securities (those with less than one year to maturity at time of issuance) is amortized on a straight line basis. Such discount or premium with respect to longer-term securities is amortized using the constant yield basis.
- **BANKERS' ACCEPTANCE:** A draft or bill or exchange accepted by a bank or trust company. The accepting institution guarantees payment of the bill as well as the insurer.
- **COMMERCIAL PAPER:** An unsecured obligation issued by a corporation or bank to finance its short-term credit needs, such as accounts receivable and inventory.
- **CONTRIBUTION TO DURATION:** Represents each sector or maturity range's relative contribution to the overall duration of the portfolio measured as a percentage weighting. Since duration is a key measure of interest rate sensitivity, the contribution to duration measures the relative amount or contribution of that sector or maturity range to the total rate sensitivity of the portfolio.
- **DURATION TO WORST:** A measure of the sensitivity of a security's price to a change in interest rates, stated in years, computed from cash flows to the maturity date or to the put date, whichever results in the highest yield to the investor.
- **EFFECTIVE DURATION:** A measure of the sensitivity of a security's price to a change in interest rates, stated in years.
- **EFFECTIVE YIELD:** The total yield an investor receives in relation to the nominal yield or coupon of a bond. Effective yield takes into account the power of compounding on investment returns, while nominal yield does not.
- **FDIC:** Federal Deposit Insurance Corporation. A federal agency that insures bank deposits to a specified amount.
- **INTEREST RATE:** Interest per year divided by principal amount and expressed as a percentage.
- **MARKET VALUE:** The value that would be received or paid for an investment in an orderly transaction between market participants at the measurement date.
- **MATURITY:** The date upon which the principal or stated value of an investment becomes due and payable.
- **NEGOTIABLE CERTIFICATES OF DEPOSIT:** A CD with a very large denomination, usually \$1 million or more, that can be traded in secondary markets.
- **PAR VALUE:** The nominal dollar face amount of a security.

GLOSSARY

- **PASS THROUGH SECURITY:** A security representing pooled debt obligations that passes income from debtors to its shareholders. The most common type is the mortgage-backed security.
- **REPURCHASE AGREEMENTS:** A holder of securities sells these securities to an investor with an agreement to repurchase them at a fixed price on a fixed date.
- **SETTLE DATE:** The date on which the transaction is settled and monies/securities are exchanged. If the settle date of the transaction (i.e., coupon payments and maturity proceeds) occurs on a non-business day, the funds are exchanged on the next business day.
- **TRADE DATE:** The date on which the transaction occurred; however, the final consummation of the security transaction and payment has not yet taken place.
- **UNSETTLED TRADE:** A trade which has been executed; however, the final consummation of the security transaction and payment has not yet taken place.
- **U.S. TREASURY:** The department of the U.S. government that issues Treasury securities.
- **YIELD:** The rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.
- **YTM AT COST:** The yield to maturity at cost is the expected rate of return based on the original cost, the annual interest receipts, maturity value, and the time period from purchase date to maturity, stated as a percentage on an annualized basis.
- **YTM AT MARKET:** The yield to maturity at market is the rate of return based on the current market value, the annual interest receipts, maturity value, and the time period remaining until maturity, stated as a percentage on an annualized basis.

Information Item 5.a.1.
Miscellaneous

Three Year Performance Results
Property/Casualty Program

Property & Casualty Three Year Results and Forecast

2017 - 2019 PROPERTY RESULTS

1. Property values were up 7.5% from 2017-2019. The increase in values is primarily due to inflation factors.
2. From a cat modeling perspective, the 2017-2019, 250 year probable maximum loss decreased 8% and the average annual loss decreased by 18%. This is due to continued refinement and improvements made to the cat model.
3. In 2018, FCSRMC reduced the property limit purchased from \$200M to \$100M to, in part, allow for a flat year over year member allocation due to budgetary constraints of the member colleges.
4. Hurricane Michael is FCSRMC's largest property loss to date; currently estimated at \$58.5M gross and \$50.58M net.
5. Due to continued pricing pressure in 2019, FCSRMC maintained the \$100M property limit, as the price for the expiring limit increased by \$2.5M.
6. Annual in-person underwriter meetings were again conducted for the property renewal in London and Atlanta. The goals of these visits are to:
 - a. Continue significant support of FCSRMC's program domestically and internationally;
 - b. Create competition throughout the program to help secure optimal pricing; and
 - c. Create stable capacity throughout program for future renewal success.
7. Annual catastrophic planning meetings were held to review and revise catastrophic claim handling procedures. The final procedures are endorsed onto the lead property policy.
8. FCSRMC held catastrophic planning and hurricane preparedness meetings with member colleges.
9. FCSRMC worked with Siver Consulting and Department of Emergency Management to determine each member college's obtain and maintain commitment from past FEMA reimbursements.

2017 – 2019 CASUALTY RESULTS

1. Continued relationship with United Educators (UE) that began 3/1/16. FCSRMC and member college's continue to utilize UE resources and services.
2. In 2018, FCSRMC removed the policy condition in the plan document that required colleges with armed security guards to purchase a separate insurance policy in favor of the coverage provided by UE.
3. Excess Workers' Compensation payroll exposure has remained relatively flat. The self-insured retention (SIR) was raised from \$500,000 to \$750,000 on 3/1/18 for a premium savings of \$300,000.
4. In 2017, the Workers' Compensation collateral requirement, held by Chubb, was reduced by \$152,323, and in 2019, FCSRMC secured another reduction of \$556,717. As of 10/31/19 the total collateral held by Chubb is \$3,052,158.02. Another review will be requested in March 2020.
5. In 2019, FCSRMC facilitated a conference call/webinar review with AIG and each college to review individual college Cyber Summarized Assessment Reports. The webinars also provided information on free and fee services available from AIG Consulting.
6. Claim reviews were held three times per year to review and strategize on various Workers' Compensation and General Liability claims.
7. FCSRMC Annual Risk Summits:
 - a. 2017 – FCSRMC and Member Colleges participated in the URMIA National Conference in Orlando.
 - b. May 2018 – Risk Summit Gainesville
 - c. June 2019 – Risk Summit Gainesville
8. Panel Counsel (Defense Attorney Panel) – Review and modify as needed with an annual review by the GBS claims adjusting team and FCSRMC staff. In 2019, UE, FCSRMC and AJG met again to further refine the defense attorney panel for the UE Educators Legal Liability coverage.
9. Since the first renewal on 3/1/17, with UE, FCSRMC has earned the UE 6% Risk Management Premium credit annually. The 2019 credit reduced casualty premium by \$90,891.
10. Advanced Title IX training and compliance for member colleges was conducted.
11. RFP for Third Party Administrative services was conducted and awarded in 2019 with contract effective 3/1/2020. The contract was awarded to Johns Eastern Company.

2020 - 2022 FORECAST

1. Property:

- a. 2017 was a record year for hurricane losses (Hurricanes Hermine, Irma and Maria) and was followed by adverse losses in 2018 – Hurricane Michael, CA wildfires, and earthquakes/tsunami. These events had an adverse impact on rate/premium in 2019 and the property marketplace is hardening. In 2020, we expect the following to continue to affect the market:
 - a. Conservative deployment of limits
 - b. Reinsurance pricing pressure
 - c. Attritional Losses (non-catastrophic loss, i.e. fire)
 - d. Loss creep on prior year losses
 - e. Undervaluation of schedules
- b. Impacts beyond 2020 are not yet known and will be determined based on losses presented to the carriers and carrier's overall operating results.
- c. Property values are up 4% over expiring.
- d. In a hardening market our goal for 2020 is to minimize the premium increase and preserve current, favorable terms and conditions.
- e. Continue annual visits to Atlanta and London to discuss renewal with underwriters and to solicit support and competition on the program.
- f. Continue annual catastrophe planning meetings.
- g. Explore parametric/cash flow products to protect fund balance.

2. Casualty:

- a. Continue to pursue further reductions in cash collateral required by former large deductible workers' compensation carrier (ACE/Chubb).
- b. Headwinds due to adverse losses by carriers that write higher education programs – concussion, sexual abuse, etc. UE is hyper focused on sexual abuse policies and procedures. Work with colleges to ensure that sexual abuse coverage continues to be offered by meeting minimum requirements of UE.
- c. Continue to leverage UE Risk Management Services and work to secure annual premium credit of 6%.
- d. Post Parkland, robust active shooter/crisis management products have been developed and FCSRMC may want to consider this type of coverage.

3. Property Data:
 - a. Continue to capture wind data on newly added buildings.
 - b. Work with colleges to document upgrades to the buildings to help to improve carrier modeling results and ultimately premiums quoted.
4. Monitor and report on emerging risks and exposures.
5. The FCSRMC ERM Risk Summit for member colleges will be held bi-annually. We will alternate years with the Valencia Legal Conference. Risk Summit will be held again in 2021.

Three Year Performance Results
Employee Benefit Plans

Employee Benefit Plans Three Year Results and Forecast

2017 - 2019 PROPERTY RESULTS

1. Renewed 22 participating colleges.
2. Health Program enrollment essentially has remained flat.
3. Managed health program overall annual pool premium rate change to 5.73% versus the marketplace average annual premium rate change of 7.27%.
4. Organized, managed and implemented individual college rate validation study to ensure outlier premiums are actuarially sound.
5. Managed health program to provide 93.6% of premiums toward paying claims while just 3% for overall administrative costs and 4% for stop loss insurance.
6. Negotiated \$2,194,229 annual savings in the health program administrator fee.
7. FCSRMC completed a pharmacy evaluation project with a successful outcome that is expected to reduce annual claim costs by over \$500,000; this work began in 2018.
8. An evaluation of the health program stop loss insurance was completed and resulted in a zero percent increase in the renewal rates and stop loss limits for 2019 & 2020.
9. Successfully secured State approval on annual health program actuarial filings, FL 112.08.
10. Paid \$1,009,457 in Health Care Reform fees on behalf of the health program participating colleges.
11. FCSRMC participated in an actuarially-credible benchmark study that included over 54 million lives. The study indicated FCSRMC health program members have a lower cost-share of medical expenses than national, regional, and industry-specific comparisons.
12. All 22 colleges, participating in FCSRMC employee benefit plans, have been successfully implemented and are operational in the FBMC automated enrollment, compliance and accounts receivable system and process.
13. Introduced a new Health Savings Account product, Telemedicine benefit, and revamped the Wellness Program features January 2018. We now have 15 colleges offering the High Deductible HSA.

14. A Private Exchange feasibility study was completed by Deloitte for FCSRMC during the period.
15. An ongoing consultant evaluation was initiated to ensure the highest value selection for current and upcoming employee benefit plan projects. We have just entered into a 3-year partnership with MERCER as a full service Health and Benefits Consultant. Effective 9/1/19.
16. A Dental Program Market Assessment was performed that resulted in an 11.9% decrease in premium cost, while also increasing the benefit level. Effective 1/1/19.
17. An Employee Assistance Program Market Assessment was performed that resulted in a change in vendor with an enhanced level of benefit and 8.6% in premium cost savings. Effective 1/1/19.
18. Performed a market evaluation for LIFE and made a carrier change to THE STANDARD. This resulted in a (30%) reduction in Basic Life. Effective 1/1/20.
19. FCSRMC engaged MERCER in an ongoing consulting arrangement as of 9/1/19.
20. Negotiated \$1.7 million in premium saving on Stop Loss effective 1/1/20.
