Region One Joint Spring Conference with

Welcome to the 2021 AFC Region 1 Conference

Welcome to the Association of Florida Colleges Region 1 Virtual Spring Conference.

By attending this conference, you are not only making an investment in your own professional development, but also in our institutions. The stronger our teams are, the better we can serve our students and advance the community college mission.

It's never been more important than now to embrace change. We are in the midst of the greatest disruption in the history of education with the COVID-19 pandemic. We are also experiencing significant shifts in the educational environment and the way we deliver support services. Change is not something we can avoid, nor should we want to.

As you take part in the conference, I hope you will find value in strategies that embrace the opportunity that change brings. Most of all, I hope you enjoy yourself and come away renewed in your commitment to the great work that we do. Enjoy!

Jim Murdaugh

Tallahassee Community College President

It is my pleasure to welcome each of you to the 2021 Association of Florida Colleges Joint Spring Conference. In collaboration with the Administration, Career & Professional Employees, Healthcare Education and Technology Commissions and the Retirees Committee we have brought together great presentations from several outstanding speakers.

I hope you find today's conference to be a stimulating and informative event.

On behalf of Tallahassee Community College, the Commissions, the Committee and all the members of Region 1, "You are Welcome!"

Sharon Walker

2021 AFC Region 1 Director

Question: A man dressed in all black is walking down a country lane. Suddenly, a large black car with no lights on comes around the corner and screeches to a halt. How did the car's driver know he was there?

When you find out the answer, you are going to go "Man, that was so obvious!" Like so many things in life, what might seem like it should be obvious, can teach us something new when presented a different way.

As a member of the Florida College System and AFC, you are an integral part in our collective student success. You are great at your job, you are a mentor to your co-workers and a guiding influence to your students. However, we are always learning and today's

Region I Spring Conference is no different. As the TCC AFC Chapter President, I welcome you virtually to our campus and thank you for attending, presenting and being part of the mission of AFC. PS...The answer is it was daytime.

Enjoy!
